

# Data Integration

MASS NOTIFICATION SYSTEMS FOR SCHOOLS.

## **Make the Right Choice for Your School**

Cost, efficiency, safety and reliability... there's a lot to consider. Put **One Call Now's** high performance communications to work for your school to save time, reduce costs, and keep students safe and parents informed.

# Tech Talk

One Call Now uses cloud computing technology, so message initiation requires no software purchase or installation. Other notification providers use hardware dialers—housed at your facility—for day-to-day phone calls and use web-based notification only for emergencies.

- *We own, manage and invest heavily in our own multiple sets of telephony, text and email servers*
- *Triple redundant systems; geographically diverse facilities*
- *Servers and dialers at ten locations across the U.S.*
- *System designed for 2000% average daily volume*
- *High quality TDM copper connections*
- *Cross connect to 48 different long distance carriers*
- *Dynamic pacing assures best delivery*
- *99.99% uptime guarantee!*

## Integration is Seamless, Hands-free and Saves Time

One Call Now offers integration tools and options to ensure your SIS data is accurately transferred to our system. Set-up is always efficient and completely secure.

### Import Wizard

#### THE FASTEST WAY TO GET STARTED

Walks you through a simple step-by-step process to upload a spreadsheet of contact information directly to our servers.

### One Call SYNC

#### FOR SCHOOLS WITH LARGE OR FREQUENTLY CHANGING SIS DATABASES

Automates transfer of student and/or staff lists exported from your SIS or other database. Launches attendance, low lunch balance, or any other pre-defined calls through your One Call Now account. Updates continuously.
